

请从以下四题中选取一个进行 3 分钟演讲，正反方立场可自行设定。

1. We should not tell “white lies” for the sake of protecting people's emotions.
2. Innovations that involve contribution from artificial intelligence should not be patented.
3. University graduates should pursue their dream career even at the expense of receiving very low monetary return.
4. Social media posts should prioritize giving youth hope over presenting a "harsh reality" to them.
